

## Sample Reference List - Job Reference List for Resume

# Sample Reference List

[Sample Reference List](#) by [iSoftwareReviews.com](http://iSoftwareReviews.com)

---

Let find out...

---

There is no certain rule for number of references you can put on the list. It is also a common practice that you should have a list of three to five references. You should always ask permission of your references and let them know about the job you are applying for. It is also a good idea to discuss about what kind of recommendation they will give to the potential employers.

You can read in more detail here: [References List Sample & How to Guide](#).
